

# LIGHTWAVE DRY HIRE STOCK CARD

March 2025

Lightwave Productions offer a full technical production and dry hire service to a spectrum of events across the world.

We have a large range of equipment including lighting, audio, video, rigging and power all of which is ready to go to in an instant. Our stock is constantly being upgraded and expanded with the newest technology available to the industry, so please be sure to check our website for the latest additions.

All of our equipment is regularly serviced and tested in accordance with industry regulations, so you can be sure to count on our kit for your event. We can also provide PAT and LOLER records

where necessary.

As well as our extensive technical stock, Lightwave Productions also offers set and staging. From control surrounds to full scale conference sets, we can offer a custom solution to all our clients from our large dedicated workshop.

With our fleet of vans and trucks we are able to provide 24/7 delivery straight to your event.

Our team of experienced staff are available to assist and advice you on all aspects of your event. Please don't hesitate to get in touch to discuss your requirements.
